

# Look Out For Cancer!

Few people are born entirely free from blood taint. This is often very slight or remote, and sometimes may not develop at all in one generation, but breaks out in a serious disease later.

Cancer, the most dreadful of all diseases, is often the result of some blood taint inherited from generations back. It often appears as a mere mole or insignificant pimple, which later develops into an alarming condition. No one knows but that he may be subject to an inherited impurity in the blood, nor can he tell whether or not this may some day crop out in the form of destructive cancer. It is, therefore, important that any little sore or scratch, which does not readily heal, be given prompt attention, or a serious condition may result.

Mr. Robert Smedley, of Ocala, Fla., was the victim of a malignant cancer, which first appeared in the manner above described. He writes:

"At first I paid no attention to the little blotches on my face, thinking they would soon pass away. Before long, however, they became sore, and soon began to enlarge. I applied ordinary local remedies, but they had no effect, and I then consulted a physician. When

he told me I had cancer, I became alarmed and hastened to obtain treatment for I knew how dangerous cancer was.

"I received the best medical attention, but the cancer continued to grow worse until the physicians finally said that I would have to have an operation performed, as that was the only hope for me. This I refused to submit to, as I knew cancer was a blood disease, and my common sense told me that it was folly to expect an operation to cure a blood disease."

"Knowing S. S. S. to be a good blood remedy I decided to try it, and the first bottle produced an improvement. I continued the medicine, and in four months the last scab dropped off. Ten years have elapsed, and not a sign of the disease has returned."

The alarming increase in the number of deaths which occur as the result of a surgical operation is attracting general attention, and a strong sentiment against such methods of treatment is fast developing among the most intelligent classes. It seems that in almost every case where the doctors' treatment is unsuccessful, the learned physicians decide at once that an operation must be performed, and the keen blade of the surgeon is recklessly resorted to.

The many caustic plasters which are applied to remove cancers are more painful than death, and the danger of a surgical operation is as great as the disease itself. No plaster or surgical operation can cure cancer, because it is a blood disease; the destructive cancer cells are in the blood, and cannot be cut out, or removed by local treatment. As the disease must be forced from the blood, it is only reasonable to rely upon a real blood remedy for a cure, one which goes direct to the cause of the trouble and removes it.

S. S. S. (Swift's Specific) is the only known cure for cancer and other obstinate and deep-seated blood diseases such as Scrofula, Eczema, Catarrh, Rheumatism and Contagious Blood Poison. It is

**Purely Vegetable,**

and is the only blood remedy guaranteed to contain not a particle of mercury, potash or other mineral, which means so much to all who know the disastrous effects of these drugs.

Books on Cancer and Blood Diseases will be mailed free to all who address Swift Specific Company, Atlanta, Ga.

## OFFERED HIM TWO WIVES.

King Cetewayo Appreciated the Tenor's Singing of "Old Dog Tray."

"There is much in a name, or at least I think so," said Albert Gerard-Thiers, the tenor, who once sang for old Cetewayo, king of the Zulus. Mr. Gerard-Thiers several years ago bore the Teutonic cognomen of Thiers and had it changed to Thiers. His fame spread, and his middle name was wedded to his surname with a hyphen.

"I am more French than German," he continued, "and my vocal method is not at all German. Many people imagine that a German vocalist is a master of the guttural, and that is one reason why I had my name changed. I have no prejudice against the German method, only I prefer the French method of singing. People who were introduced to me used to ask if I was German. As I speak French and not German, I concluded to change my name to Thiers. My wife is an American, but she has lived so long in Paris that she speaks French like a native and has nothing German in her appearance or manners."

"Did you sing in French to King Cetewayo?"

"No; I sang in English. The old Zulu was in captivity when I saw him in Africa. I was singing in Cape Colony in my boyhood days with an English opera company, and after it stranded I visited the dethroned African monarch. The English kept him guarded at a farmhouse, but allowed him privileges. I sang several operatic airs for him, but they did not please him, and in despair I tried 'Old Dog Tray.' He liked it, and when told the story he said a dog was faithful and wished me to sing it again. Then he embarrassed me exceedingly by presenting me with two of his wives. Each was more than six feet in height and black as the ace of spades. I declined his royal offer, although he declared the wives would not be missed."

—New York Commercial.

## DINING AND FEEDING.

American Table Manners Not So Open to Criticism as Formerly.

It has been conceded that the degree of civilization a people has reached may be accurately measured by its dietary. Now, some one has said that "the American feeds, the Englishman devours, the Frenchman dines." In view of this statement one wonders what the English have been doing through the centuries to have advanced so little. We do not pretend to answer for them, but would say for ourselves, we have been heaving our way through forests, pioneering in every direction, in every sense—ample apology for feeding instead of dining.

But, of course, it was a Frenchman who made the declaration, and, of course, he made it long ago, when, mortifying though it be, honesty compels us to acknowledge that we may have been guilty. Times, however, and conditions have changed, and not even the most bigoted Frenchman will refuse to admit that when the American has reached the dining point he will have more to dine upon than any other man in the world. The culture of man in America will demand all the art in his cuisine that France by study has evolved, with the added merit of honesty in his food, the disguises incident to poverty of material not being a necessity. There is no department of supply in which we have not the advantage, and we are learning to use our materials as rapidly as we have been obliged to learn all other things.—Ella Morris Kretschmar in Woman's Home Companion.

## What Wrestlers Should Eat.

The Japanese wrestlers are a race of giants; they often weigh from 14 to 20 stone. At the Imperial hotel in Tokyo once they brought their champion wrestler to my room. He was prodigious in size and as fat and fair as a baby. He was a Hercules in strength, but looked like an overgrown cherub of Correggio.

"What do you eat?" I asked.

"Rice, nothing but rice."

"Why not eat meat?"

"Meat is weakening. Beef is 70 per cent water. Rice is 80 per cent food. I ate lean beefsteak once and my strength left me. The other man ate rice and threw me down."

My courier said: "This wrestler is the champion of Japan. No one can throw him."—Pearson's Weekly.

## She Supervises a Farm.

In spite of being college bred the ability to earn a living in the most businesslike manner has been proved by Miss Anna T. Hayes of Louisville. She is now taking personal supervision of her father's farm of 200 acres. She is devoting time and money to the development of a special breed of pigs for the specially cured hams of which there is a growing demand in the state. The pigs are fattened on sterilized milk, meal and apples and are brought up to a uniform weight. The hams are cured on the farm. The young woman is making a complete success of her venture.

## Bright Valet.

Valet (to officer's fiancée)—My lieutenant has sent me to bring you this bouquet of forest flowers, plucked by his own hands.

Fiancee—Oh, how poetic! And how long it must have taken to gather them! Valet—Indeed, miss, it took me nearly three hours.—Fliegende Blätter.

In the northern parts of China there are many villages which are almost deserted in winter, the inhabitants going south, where they live by begging. They form regular guilds and literally compel shopkeepers to help them by threatening to cause a riot in front of their stores, which Chinese merchants abhor.

The oldest shaped county among the 8,000 which go to make up the separate divisions of the various states is Warren county, Tenn. It lies in the center of the state and is as near a perfect circle as any division of land could be.

## HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney and bladder remedy, is doing its best to relieve the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention The Paris (Ky.) News and send your address to Dr. Kilmer & Co., Elmira, N. Y. The proprietors of this paper guarantee the genuineness of this offer. (25p-1mo)

## Some Plain Facts.

Grave errors, injustice, wrongs of greater or less degree, arise from lack of knowledge of the truth, and more frequently from deception.

The most infamous case on record of deception and injustice is the attempt to demonetize silver as a money of final redemption in the United States.

There is no learned judge, skilled lawyer, or court of justice that is capable of reconciling the effort with the constitutional laws that govern the issue of money in this country.

The people have been deceived, officials in power, chosen to administer justice under the laws, have ignored their sworn duty, and given aid to the scheme that has paralyzed industry, reduced property values one-half, and beggared millions.

There is no authority of law, either specific or by inference, by which gold alone is made the only money with which to discharge debts, either public or private. The effort to make it so is unconstitutional and a national calamity.

Plain and ample information, facts and truth, concerning this almost successful scheme to corner the wealth of the people, is now being printed in the Cincinnati Enquirer, a newspaper which the combined power of money has failed to muzzle or buy.

The Weekly Enquirer is only 75c. a year. The address is Enquirer Company, Cincinnati, O.
